

MAKING A GRAPHIC NOVEL

Project: Writing and illustrating a graphic novel.

Research Topic: For my research topic I will be focusing my claim on how art should not be censored.

Final Product: My Final product will consist of a full paged illustrated and written graphic novel. And I will be aiming to make at least 5 or 10 copies. The novel will focus on the main character fox, who travels long lengths in order to save her siblings from an evil like no other.

Field work: For the field work of my project, I will be working with my mentor, who is a comic illustrator and writer. I will be drawing, coloring and writing out every page with his guidance.
