

Shelby Lefoley

Project Topic: Getting town approval to build, then plan, and build a tennis backboard wall.

Research Paper Focus:

How sports and exercise positively affect mental and physical health.

Fieldwork:

Getting approval from the town, planning the design and materials, and learning the necessary carpentry skills to build the tennis backboard wall.

Final Product:

A completed tennis backboard wall at town court, a video of the wall being used, and plans from the building and planning process.
